SUMMARY

MCA student at Gujarat Technological University (GTU) with practical experience in MERN Stack, PHP, and MySQL. Skilled in developing responsive web applications and passionate about building efficient software solutions. Eager to contribute, learn, and grow in a software development role.

PROJECTS

Hostel Management System

Developed a web-based hostel management system for student registration and room allocation. Implemented login, hostel record management, and CRUD operations using PHP and MySQL. Designed a responsive interface using HTML, CSS, and JavaScript.

GMCA

Built a simple web application using AngularJS and PHP. Integrated frontend forms with backend data processing. Applied responsive design for better usability across devices.

My-Portfolio [Live](#)

Developed a responsive portfolio website using MongoDB, Express.js, React.js, and Node.js. Showcased projects, skills, and contact information through a modern user interface. Deployed the application online using GitHub Pages and Render. [Code](#)
